

## Final Grant Report

When the Community Foundation Serving Greeley and Weld County awards a grant, we enter into a partnership with you that we hope will provide new insights into effective ways to strengthen our communities. Final Grant Reports are a primary tool in measuring the achievements of the projects we support, and help strengthen the Foundation's grantmaking program by highlighting new directions and issues to address.

We ask for your honest, critical attention in completing this report. We are interested in what contributed to the success of your project, as well as reasons that made it more difficult to achieve.

**Please complete and return this form within 60 days of completion date of the project. No further grant requests from your organization will be considered until this report has been completed and returned.**
